

WFPL Seed Library Membership Form

The WFPL Seed Library is a free program committed to increasing our ability to feed ourselves wholesome food by offering seeds and education. Through the time-honored tradition of seed saving, we celebrate biodiversity, nurture locally adapted plant varieties, and foster community resilience, self-reliance, and a culture of sharing.

The WFPL Seed Library operates on the honor system. You become a member automatically when you borrow seeds to plant. We encourage all members to learn basic seed-saving techniques. We encourage that beginning seed savers grow out and return seeds from varieties that are “super easy” or “easy” in their first year. If you are unable to save your own seed, please consider donating a packet of fresh, commercially grown, open-pollinated (non-hybrid, non-GMO) seed to keep our collection stocked. Returned seed will allow us to keep the library well stocked.
